

CCINW Oregon Meeting

IICRCA

The IICRCA is a council of trade associations formed to help industry trade associations better serve their members by providing benefits to the member associations, and, as larger combined group, represent the cleaning and restoration industries to other related organizations and government agencies.

Basically, this means bigger gets more respect from carpet mills, and more combined members allows the purchasing power to attract discount buying programs.

The CCINW is a member of the IICRCA and because of that relationship you, as a CCINW member, have access to benefits you are probably not aware of. Come and hear what the IICRCA is working on and how it can benefit you.
