A very special CCINW event

Northwest Professional Services is a CCINW member located in the small town of Lynden, outside of Bellingham Washington.

During the recession of the last five/six years, NPS has done something remarkable. They've grown. They've become more profitable. They've kept their reputation for high-quality service.

Doug Broersma, the owner of NPS, is so happy about the systems, organization and software that make this growth possible that he wants to share information with other CCINW members. He will be hosting a tour of his facility and will demonstrate the management tools that have enabled his company to grow to twenty-five employees while staying busy year-round.

Whether your company is slowly working out of the recession or blazing along like nothing happened, there will be something to learn for everyone.

- 1:00 pm Arrive, meet and greet!!
- 2:00 pm CCINW meeting: organization, tracking and scheduling, efficiencies...
- 4:30 pm Happy hour and Barbecue

Cost is \$35 for members, \$25 for each additional employee from the same firm. Non-members invited only as guests of members, and at the member rate.

Please, no drop-ins! Reservation required by Thursday June 5th!

Call 1-877-692 2469 or info@ccinw.org

Call the CCINW office to connect with others coming from your area. If members are interested, we can rent a passenger van to run from Olympia to Lynden and back, with stops at several park and ride lots along the way.

A very special CCINW event

Lynden is farming community with a Dutch heritage and charming shops and restaurants. If you want to travel on Friday, Doug has arranged discounted rates at the Windmill Hotel in Dutch Village. You can treat yourself to killer breakfast waffles and take in the annual farmer's parade before coming to the meeting.
