

CCINW Washington Meeting

Tuesday, August 10, 2010 – 5:30PM

Interlink Supply - Tukwila

What are you going to do about it?

Many of us work in homes that have stone & tile surfaces. While cleaning we do our best to protect those surfaces but if you cause a minor scrape or discoloration, do you have to pay a stone pro to fix it?

Dane Gregory will demonstrate simple techniques needed to quickly fix the most common “oops” caused by a drip of chemical or a misplaced tool.

(You might also be interested in taking Dane’s Stone Care course as well.)

Location: Interlink Supply
641 Industry Dr
Tukwila, WA 98188

Time: 5:30P – Dinner at 6:00P

Cost: \$20.00 member // \$35.00 non member

RSVP: Jane at 877 692-2469 or info@ccinw.org

We’d like to grow our membership! A non-member will receive the member rate for one meeting when they attend as an invited guest of a current CCINW member.

As always, meeting attendance is worth one-half of an IICRC continuing education credit

About our presenter: Dane Gregory has a vast and expansive industry background. In addition to a stint as IICRC President, Dane has served on several Technical Advisory Committees and currently serves as chair of the Stone, Ceramic Tile, and Masonry Cleaning Technician technical advisory committee. He also chaired the Task Force for the development of the Stone Masonry & Tile (SMT) course.
