

CCINW Advocates

The CCINW has always appreciated the suppliers and instructors that support the CCINW. We've started *The CCINW Advocate Program* to give our corporate and professional friends a way to demonstrate their support without becoming full members of the CCINW. This no-cost/reduced-cost program is open to manufacturers, distributors, retailers, instructors and other professionals offering goods and services to our membership.

The CCINW *Support Logo* identifies participants and can be attached to websites or used on printed materials, and can be used as a link back to the ccinw.org website. Adhesive labels are also available for those that have a place to display them.

The Advocate Program consists of Professional and Supporting levels.

Professional Advocate:

This is appropriate for individuals and organizations that are working in fields related to cleaning and disaster restoration. Professional Advocates may be listed and direct linked on the CCINW web site. A Professional Advocate can add an event held in the Northwest US or Western Canada to the CCINW Calendar of Events page.

Cost: There is no cost to participate at this level.

Supporting Advocate:

Individuals and organizations that provide products and services to the cleaning and restoration industries may choose to assist the CCINW's goals financially. Supporting Advocates will receive a listing and direct link on the CCINW website that may include a logo, small banner ad or description of goods and services. CCINW website listings will also include regional events and special rates for CCINW members.

Cost: A minimum annual contribution of cash or trade in the equivalent of \$250. Trade may be in the form of products donated for auction, special rates for CCINW members, or event sponsorship.

The CCINW will also work with all advocates to co-sponsor specific events that would be of interest to our membership.

Please contact the CCINW at: 877.692.2469 or info@ccinw.org to participate.
